## BATL $=\mathbf{Y}$ Ladderweld

## ACCESS PLATFORM

## ALUMINIUM

The Bailey
ACCESS PLATFORMS are designed for safe and efficient access in warehousing, logistics, manufacturing and maintenance.

The Access Platform can easily be converted from it's standard configuration to a walk through design to provide safe access to truck decks, mezzanine floors and machinery.

## IndUSTRIAL 200KG

## BA/LEY Ladderweld

## SAFETY AND DESIGN

- Super strong "fully-welded" design fabricated from heavy duty aluminium
- Steel bracing under bottom tread and side bracing provides additional protection from impact damage
- 100 mm deep treads improves safety and comfort when climbing

## SAFETY AND FUNCTIONALITY

- Suited for frequent use
- "Walk thru" design, for stock picking access to mezzanine floors, vehicle access and warehousing (no need to stock several products)
- Work platform enables manual handling from all 3 sides
- Large 125 mm diameter wheels for improved portability and easy glide action
- Manually operated braking system
- Safety gates fitted
- Toe board on three sides helps prevent objects being kicked off the platform
- Shelf included
- Rear Tilt castors (FS13817) available as an accessory for moving across rough terrain.

## SAFETY AND COMPLIANCE

- Made to AS 1892
- 200 kg load rating
- Industrial duty rating for use on commercial and Industrial sites
- Meets Workplace requirements

## IMPROVED ASSEMBLY

- Supplied as "flat pack" for optimal transport
- Standard size fasteners for improved assembly time
